

I enjoy listening to K-Love everyday. I love the local weather and news and hearing about local events coming up in this community. It is very refreshing to have a Christian radio station that lifts my spirits and helps me everyday to remember how precious Jesus Christ is in my life. Without local Christian programing, I probably wouldn't even listen to the radio at all. I appreciate and support K-Love radio. Christian radio benefits many prople who are unable to attend their own church services or who wouldn't attend a regular church service, but will listen to the radio and receive inspiration and encouragement and hope for their lives. K-Love and all Christian radio stations are so important in this community and in my home specifically. Thank you for your time.
